## WORK EXPERIENCE

**Technical Consultant , Linz Technologies**                          **Apr 2024 – Present**

- Designed and deployed over 5 custom enterprise applications using Zoho Creator, Zoho Books, and Zoho CRM, automating **70%** of client workflows.
- Developed a custom SalesOrder application integrated with Zoho Books, improving order management and reducing processing time by **30%**.
- Built widgets for Zoho Creator and Zoho CRM to enable advanced functionalities, such as real-time image previews.

**Intern - Front End Developer , Altruisty - Startup**            **Feb 2024 – Mar 2024**

- Created a responsive business portfolio website using **React** and **Tailwind CSS**, enhancing user experience and accessibility.
- Designed UI layouts in Figma, incorporating user research and feedback to create an intuitive design.

## PROJECTS

**Tee Hub (Zoho Hackathon 2024)** | Next JS, Creator, Catalyst, Node JS

- Built a **centralized** e-commerce platform for clothing businesses, enabling multi-vendor onboarding through Zoho Creator.
- Used Zoho **Catalyst** for server-side logic and database management, with **Razorpay** integrated as the payment gateway.

Demo: Tee Hub Project

**Snapgram** | React, Typescript, Nodejs, Appwrite                 **Apr 2024 – May 2024**

- Developed a social media platform prototype with features like uploading, liking, commenting, and saving posts.
- Utilized **Appwrite** for backend storage and deployed the application on **Vercel** for scalability and performance.

Demo: Snapgram Live Demo
